RF&A NO. 94 AUTHORITY FOR EXPENDITURE

Requisition dated October 29, 1910 Comptroller's No.

From Idaho Division Operating Department. 6

For Oro Fino, Idaho, Clearwater Short Line, 750' spur track for the Home Land Company.

Amount, \$ 508.00

REMARKS AND RECOMMENDATIONS.

The Home Land Co. have lately constructed a warehouse on opposite of Clearwater River from Oro Fino Station & it is their intention to handle grain across the river by means of a tramway, loading it direct into cars on proposed track. It is also intended to use this track for loading lumber from opposite side of river. Present house & team track is of insufficient length to accommodate this additional business & it is proposed that a 750' spur be constructed to cut out of the passing track at Oro Fino & extend beyond the R/W line to the river bank at point where tramway will terminate. For the R/Pacific to furnish metal only; applicant to pay all other cost & furnish easement; work to be done by Division Forces.
