Class of Work: No. 14

Joint facility contract reference: Not Joint

The location is - - - on this company's property. To secure rights, it will be necessary

Location: Springdale

Title Purchase of Motor Car from Frank Demarco.

Reason:

Approximately three years ago, section foreman at Springdale purchased a one cylinder, two horse power Mudge car for use in going over section. At approximately the same time Road Master McPhadden was furnished an eight horse power hill climbing Mudge car. This car was too heavy for one man to handle and an exchange was made with the section foreman at Springdale as a small car was sufficient for the road master's requirements and with the heavier car with the extra seats the section foreman could handle his men over the section and expedite work.

The small motor car which was the property of section foreman at Springdale has been in continuous use by road master and is in first class condition at the present time and this AFE is submitted to cover the purchase of this car from the section foreman at Springdale.

Work to be done by company force under charge of Superintendent

Accounting to concentrate in the office of Division superintendent
