Total of distribution			\$ 200	

Budget reference: *In Budget*

Class of Work: No. *111*

Joint facility contract reference: *Not Joint*

The location is _____ on this company's property. To secure rights, it will be necessary

Location: **Rathdrum, Ida.**

Title **Proposed 6 H.P. Fairmont gasoline engine with necessary motor and car body, wheels and housing complete, for use on section.**

Reason:
The Section Foreman at Rathdrum has been using a privately owned Casey Jones engine on his hand car body for several years. The engine has become so worn that the expense for large list of repair parts necessary to place it in serviceable condition would not be justified. It is recommended that the Railway Company purchase a 6 HP Fairmont engine and place it on a standard motor car body. Rathdrum section is all up grade eastwardly from Rathdrum and it not only requires considerable lost time in getting over it without a motor car, but it is also difficult to keep men on that section when the hand car is used, as at present. The section is seven miles in length. Use of a motor car with a maximum crew consisting of Foreman and six men, would result in a monthly saving of approximately \$40.00.

Work to be done by ~~company force~~ under charge of **Superintendent.**

Accounting to concentrate in the office of **Superintendent.**

Signature and Title: *[Signature]* **Superintendent.** Date **December 14, 1922**
