Location: **KIONA, WASHINGTON**

Title and Reason: **CONSISTING OF INSTALLING A CROSSING ALARM BELL AND WIG WAG AT KIONA, WASHINGTON.**

to the State Department of Public Works

The citizens of Kiona recently complained of the dangerous conditions surrounding the grade crossing near the station at that place and in order to determine to what extent the crossing was used, a 24 hour check was made from 7:00 P.M. November 27th, to 7:00 P.M. November 28th, 1922 showing 102 automobiles, 27 horse drawn vehicles, 4 horsemen and 200 pedestrians used the crossing between those hours. The view of approaching trains from either direction is almost wholly obscured until close to the crossing because of the high bluffs and various buildings and the crossing is undoubtedly a dangerous one. In order to safeguard against accidents, so far as possible, it is recommended that a Standard wig-wag and bell signal be installed in accordance with the attached sketch and estimate.

Checked and Entered President's Office

Work to be done by ~~company force~~ under charge of **Signal Department**
