Title and Reason: **Dorothy - One Pen Stockyard.**

With stock raising becoming more and more general in the territory adjacent to Dorothy, which is strongly competitive with the Great Northern, it is the consensus of opinion of traffic and operating department officials that by providing a one-pen stockyard at Dorothy, as shown on estimates and blueprints attached, our freight earnings will be augmented by the shipment of twenty cars of stock per year from that point, which business now practically all goes to the Great Northern.

Informal authority granted by general superintendent under date of December 18th, 1921, and work will be completed by end of this month or early next month.
